Metallics
Fantasy designs

Decorative laminate

An exclusive range of laminates from Falcon Panel Products, selected for use in commercial environments including interior projects, doors, retail outlets, bars & restaurants, education & healthcare, airports, leisure and washrooms, plus many more.

Features

- **Strelam® Decorative Laminate is designed for horizontal and vertical applications and is HGP (postforming grade) HPL / EN438-3**
- **Produced using the most advanced technology in decorative laminate design and manufacture**
- **Competitively priced**
- **Comprehensive range of colours and designs**
- **Selection of surface finishes from matt to brilliant high gloss**

Colour, design and finish selection

The extensive Strelam range is comprised of a catalogue of plain colours, metallics, fantasy designs, woodgrains and real wood veneers.

All plain colours in the Strelam range are available from stock with Textured finish. Smooth and Gloss finish are ex factory with the exception of White and Black Gloss which are also available from stock.

Here we have reproduced a selection of some of our more popular choices. However, to help further with your specification, please call us for actual samples.

A complete Strelam portfolio is also available on request.

Technical notes

Grade Horizontal general purpose postforming grade for use in horizontal and vertical applications requiring particularly high performance.

Forming Can be formed under controlled temperature and flexure, with the exception of the Metallic range.

Please contact us for detailed technical information on all Strelam products.

Our service

Falcon Panel Products Ltd is a major distributor and importer of wood based panel products. We provide a unique service across a wide market sector.

With a dedicated distribution centre in Nottingham and offices across the UK, the company offers expertise with a strong commitment to customer service.

Care and maintenance

Strelam laminates should be maintained by cleaning with water and a mild detergent.

Persistent marks can be removed with a suitable cream cleaner.

Scouring powders and acid based cleaners must not be used.

delivery & service nationwide

sales@falconpp.co.uk

Delivery from Nottingham either on our own transport or by carrier in a secure cardboard container.

The colours reproduced in this brochure are as close as possible to the actual laminates. It is recommended that you obtain samples prior to final specification. Falcon Panel Products Ltd reserves the right to change specifications without notice. Strelam is a registered trademark of Falcon Panel Products Ltd. © Falcon Panel Products Ltd 2010.

Printed on Revive 50:50 which is certified as an FSC mixed sources grade containing 50% recovered waste fibre and 50% virgin wood fibre. The pulp is bleached using an elemental chlorine free (ECF) process. Laminated with purelam, a biodegradable film lamination made from wood fibres obtained from a sustainable resource.
