16th December 2021

Dear Neil

Revalidation of Field of Application Stredor 44, BMT/CNA/F15159 Revision E

This letter is to cover the validity of the Field of Application (FoA) report stated above, which is due to expire on 1st January 2022 and is currently being revalidated.

This letter extends the validity of the above report from 1st January 2022 until 31st March 2022, by which time a new revision of the report will be issued. This letter will cease to be valid when the new revision of the report is issued as final.

Please note the caveat below my signature.

Yours sincerely

Dr Kevin Towler
Senior Product Assessor

Note: The field of application report referenced above represents our opinion as to the performance likely to be demonstrated on a test in accordance with BS 476 Part 22:1987, on the basis of the evidence referred to in the report. We express no opinion as to whether that evidence, and/or the field of application report, would be regarded by any Building Control authority as sufficient for that or any other purpose. This report is provided to the client for its own purposes and we cannot opine on whether it will be accepted by Building Control authorities or any other third parties for any purpose.
