Station Approach
Shepperton
Middlesex
TW17 8AN

Dear Sir/Madam,

**Extension of Validity of Field of Application Report
Falcon FD60 Fibrecore – PAR/14658/01**

We would confirm that Falcon Panel Products Ltd have commissioned International Fire Consultants Ltd (IFC) to prepare a revision to the above referenced Field of Application Report. The Field of Application Report will consider the overall fire resistance of the proposed assemblies, if tested in accordance with BS 476: Part 22: 1987 for 60 minutes.

Due to the extent of technical data and test evidence involved, we are not in a position to complete the formal revision at present.

This letter is issued to confirm International Fire Consultants Ltd have extended the validity of the following Field of Application Report;

- FD60 Fibrecore Door Leaves Installed in Timber Door Frames – PAR/14658/01

This report is therefore valid until 31 July 2020 or until the revised Field of Application Report PAR/14658/01 is issued, whichever is the sooner.

We trust that this letter is of assistance at this time. Should you have any questions regarding its contents, please contact the undersigned.

Yours faithfully

Will Lightfoot
