Dear Sir/Madam,

**Extension of Validity of Halspan Ltd
Field of Application Report IFCA/06167 Revision C
60 Minute 54mm Thick Halspan® Prima Door Leaves
Installed in Timber Frames**

The above referenced Field of Application Report has expired. Due to the extent of technical data and new test evidence to be reviewed which needs to be incorporated within the revalidated version of this report, we are not at present in a position to complete the formal revision.

This letter is issued to confirm International Fire Consultants Ltd have extended the validity of the following Field of Application Report:

- IFCA/06167 Revision C

This report is therefore valid until 31 October 2021.

Whilst this letter does not constitute an assessment, it is issued to confirm our intent to revalidate the above referenced Field of Application Report and to further increase the scope through the inclusion of some additional test data which is still to be confirmed.

We trust that this letter is of assistance at this time. Should you have any questions regarding its contents, please contact the undersigned.

Yours faithfully

Chris Houchen
BSc. AIFireE
Associate Director
International Fire Consultants Ltd. (IFC)
