Dear Sir/Madam,

Extension of Validity of Halspan Ltd Field of Application Report IFCA/15953/01 30 Minute 44mm Thick Halspan® Prima Plus Door Leaves Installed in Timber Frames

The above referenced Field of Application Report has expired. Due to the extent of technical data and new test evidence to be reviewed which needs to be incorporated within the revalidated version of this report, we are not at present in a position to complete the formal revision.

This letter is issued to confirm International Fire Consultants Ltd have extended the validity of the following Field of Application Report:

- IFCA/15953/01

This report is therefore valid until 31 July 2023.

Whilst this letter does not constitute an assessment, it is issued to confirm our intent to revalidate the above referenced Field of Application Report and to further increase the scope through the inclusion of some additional test data which is still to be confirmed.

We trust that this letter is of assistance at this time. Should you have any questions regarding its contents, please contact the undersigned.

Yours faithfully,

A handwritten signature in black ink, appearing to read "Chris Houchen".

Chris Houchen
BSc AIFireE
Associate Director of Product Evaluation
International Fire Consultants Ltd.
(part of the Kiwa UK Group)
